The background features a dark grey field with several thick, stylized lines in red, green, blue, and gold. These lines form various geometric and organic shapes, including circles, arcs, and zig-zags. A prominent horizontal yellow bar is positioned behind the text. At the bottom of the image, there is a solid light blue horizontal bar.

LAUNCHING NEW PROJECT MODEL

openinfra.dev/projects/hosting

The screenshot shows the OpenInfra Foundation website. The top navigation bar includes links for 'FOUR OPENS', 'PROJECTS', 'MEMBERSHIP', 'EVENTS', 'ABOUT', 'NEWS', 'Join', and 'Log in'. Below the navigation, there's a 'Projects' section with a sub-header 'HOST A PROJECT WITH OPENINFRA FOUNDATION'. The text reads: 'We build communities who write infrastructure software that runs in production. Let us build a strong open source community around your project.' Below this, there are two buttons: 'Contact Us' and 'Learn More'. To the right of the text is a photograph of a group of people sitting around a table in a meeting or workshop setting. Below this is a section titled 'BUILDING SUCCESSFUL OPEN SOURCE PROJECTS' with a paragraph explaining the foundation's role and its sustainability model (3 Forces), collaboration principles (4 Opens), and network of developers, companies, and operators. Further down, there's a section titled 'OUR MODEL' and '3 FORCES: SUSTAINABLE MODEL FOR OPEN SOURCE'. This section includes a paragraph about the '3 Forces' (developers, users, and commercial ecosystems) and a circular diagram illustrating their interactions. The diagram shows three arrows forming a circle: a blue arrow from 'ECOSYSTEM Hires developers', a green arrow from 'DEVELOPERS Build products for users', and an orange arrow from 'USERS Consume services'. Below the diagram, it says 'Balancing the 3 Forces creates compounding growth'. At the bottom of the page, there is a red button labeled 'MORE ABOUT PROJECT FUNDING'.
